## GUNDERLOCH RIESLING RHEINHESSEN ROTHENBERG BEERENAUSLESE 2021

A stunning Botrytis riesling with a wide spectrum of dried fruit aromas ranging from white peach to King Alphonso mango. Compact and concentrated with stunning textural complexity, the finish is already beautifully balanced in spite of the abundant natural grape sweetness. Should gain in elegance as it matures. Very limited production. From organically grown grapes. Vegan. Drink or hold. Screw cap.
