

GUNDERLOCH RIESLING RHEINHESSEN ROTHENBERG SPÄTLESE 2021

This category of medium-sweet wines may not be in favor, but that doesn't take anything away from this riesling Spätlese masterpiece that swims against the current with great energy and determination. So much pink grapefruit, rose hip and pomegranate, with wild herbs leaping from the glass. Such brilliance at the very long finish. A minor miracle that the 2021 vintage made possible! From organically grown grapes. Vegan. Drink or hold. Screw cap.
